Join the Nipigon District Memorial Hospital Board of Directors

The Board of Directors of Nipigon District Memorial Hospital (NDMH) is seeking individuals to serve on its skills-based board.

Directors are essential to shaping the future of NDMH and its role in working with partners to achieve an integrated healthcare system within the Nipigon area and District. With an aim to represent the diverse population of our area, applications are particularly encouraged from Indigenous and Francophone candidates.

The Board of Directors is seeking community leaders with a passion for learning, working collaboratively, seeking innovative opportunities for growth and improvements, and strengthening our communities access excellent patient care and overall healthcare. In combination with this, we are also seeking skills and experience in any of the following areas: fundraising, patient centered care, construction and project management, child care, transformation, health care system, clinical and program management, legal system, stakeholder engagement, quality patient care, enterprise risk management, integration, mergers, partnerships, project management, labour relations, human resources.

Board Member Commitment

- A commitment to regularly attend between 9-12 board meetings and related meetings throughout the year
- Actively participate on the board and subcommittees of the board as needed
- Prepare for board meetings and be informed about matters concerning the board
- A willingness to learn about governance and gain leadership experience
- Participate in NDMH sponsored events as well as health-related events on behalf of the organization

Community Member Opportunity

If being on the Board of Directors may not be a good fit at the moment, but you are still looking for opportunities to be involved, the Board of Directors is also seeking Community Members to serve on the following sub-committees of the Board:

- Quality Committee
- Fiscal Advisory Committee, Risk Management Committee
- Person/Family Advisory Council, Indigenous Committee

Community members valuably contribute their skills and become knowledgeable about hospital governance to become future Board Directors.
