

The Mission of Nipigon District Memorial Hospital is to deliver excellence in rural health care with our partners for all residents in our communities.

Medical Radiological Technologist / Sonographer

Bargaining Unit: UNIFOR PARA-MEDICAL 2025-32

Salary: Per Collective Agreement

Start Date: ASAP

Work Status: Temp Full Time

Posting Date: August 8, 2025

Closing Date: Open until filled

Nipigon District Memorial Hospital is committed to delivering health care in a manner that is consistent with our philosophy that *“patients, residents and their families are at the centre of everything we do”*. Applicants are required to demonstrate knowledge, understanding, and commitment to this philosophy of care.

The Medical Radiological Technologist / Sonographer is responsible for performing high-quality radiographic and ultrasound procedures in accordance with departmental protocols. The role requires independent judgment, strong technical skills, and a commitment to delivering excellent patient care. This position includes scheduled shifts and participation in an on-call rotation for X-ray services. The successful candidate must reside within 30 minutes of the hospital due to on-call requirements.

Qualifications & Experience

- Graduate of an accredited Medical Radiological Technologist program
- Graduate of an accredited Diagnostic Medical Sonography program or ARDMS credentialed
- Current registration with the College of Medical Radiation and Imaging Technologists of Ontario (CMRITO) or eligible for registration
- Certified with Sonography Canada or equivalent credentials
- Current Professional Liability Insurance
- Strong interpersonal and communication skills
- Demonstrated ability to work both independently and collaboratively as part of a healthcare team
- Previous hospital experience considered an asset
- Excellent attendance record
- Must adhere to the hospital’s Code of Conduct

Responsibilities

- Perform high-quality radiographic and ultrasound procedures according to established protocols
- Obtain diagnostic-quality images and ensure accurate patient documentation
- Maintain patient safety, comfort, and confidentiality throughout all procedures
- Participate in scheduled shifts and X-ray on-call rotation
- Maintain and troubleshoot imaging equipment as required
- Communicate effectively with radiologists, physicians, and other healthcare professionals

Technical Requirements

- Proficient in Digital Radiography (DR), PACS, and Meditech (preferred)

- Competent in performing abdominal, pelvic, obstetrical, and small parts ultrasound
- Vascular and musculoskeletal (MSK) ultrasound experience is considered an asset
- Sound understanding of imaging physics, anatomy, physiology, and departmental procedures
- Ability to troubleshoot imaging equipment and maintain optimal performance
